

**MUNICIPAL CORPORATION OF GREATER MUMBAI
SEWERAGE PROJECT DEPARTMENT**

CIRCULAR

Ch.E/SP/ 4130/P&D dtd. 23.08.2018

Subject:- Ease of doing Business ,
Cost of a Sewer street connection.

The review meeting in respect of World Bank Ranking for granting construction permit was held in the chamber of Principal Secretary (UD-1) in presence of Additional Secretary MoUD Govt. of India and Hon'ble Municipal Commissioner on dtd. 05/06/2017, when it was directed to have streamline the process of recovery of cost towards sewer street connection and issue the circular to that effect for convince of Stake holders and Citizens.

There is no specific circular for recovery of the sewer street connections charges. The sewer street connection work is carried out by the Developer through appointed Licensed plumber and reinstatement of the trench is carried out by the concerned Ward office by recovering reinstatement charges.

Based on the length of sewer street connection for length of 1.0 mtr with reinstatement of trench in Asphalt and considering the 15% supervision charges, the cost of sewer street connection works out to Rs. 1002/- per running metre towards supervision charges and Rs.8573/- per running metre towards reinstatement of trench in general.

In view of the above, Rs. 1002/- per Rmt towards supervision charges and Rs.8573/- per Rmt towards reinstatement of trench shall be recovered from the Developer for sewer street connection work . The cost of sewer street connection will change as per the then prevailing Schedule of Rates of MCGM.

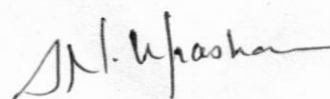

The Circular shall be followed with immediate effect.
