Introduction Assistant Engineer (Maintenance)

The right to information is implicitly guaranteed by the Constitution. However, with a view to set out a practical regime for securing information, the Indian Parliament enacted the Right to Information Act, 2005 and thus provided a powerful tool to the citizens to get information from the Government as a matter of right. This law is very comprehensive and covers almost all matters of governance and has the widest possible reach, being applicable to Government at all levels- Union, State and Local as well as recipients of government grants.

The basic object of the Right to Information Act is to empower the citizens, promote transparency and accountability in the working of the Government and make our democracy work for the people in real sense. The Act is a big step towards making the citizens informed about the activities of the Government.

The Act requires the Government authority to compile a handbook in easily comprehensible form and to update it from time to time under **Section 4(1) b** sub clauses i to xvii (17 Manuals). The objective of publishing 17 Manuals is the proactive disclosure of the information/records held by Govt. Authority for the information seekers. The office of Assistant Engineer, Maintenance, H/West ward is hereby publishing the Handbook for 17 Manuals as required under RTI Act 2005 to promote transparency and accountability in the working of the department & to give easy access to the information seekers to the information & records held by this office.

This handbook contains introduction about the department along with particulars of its functions, duties, objectives & vision. It further elaborates about the duties, powers delegated to its officers & employees. The procedure followed in decision-making process, accountability of concerned officers, norms set for discharge of its function along with Acts, related rules/regulations are further described in detail. It also contains the Statement of Categories of documents held by this office, directory & remuneration of its officers and employees. The details of budget allocation & its disbursement, particulars of permits issued, facilities available for citizens & details of PIO/Appellate authority is also published for information.

This consolidated updated handbook on 17 Manuals of the Act would help all the information seekers in getting information. However, in case any information seeker wants to get more information on topics covered in the handbook as well as other information may contact Assistant Engineer (Maintenance), H/West ward whose office is situated at H/West ward office, Asstt. Engineer (Maint), 1st Floor St. Martin Road Bandra (W), Mumbai-400050. The procedure and fee structure for getting information is as per the provisions of RTI Act, 2005.

The Municipal Corporation of Greater Mumbai has decentralized most of the main departments and placed the relevant sections of these departments under the Assistant Commissioner at ward level. Maintenance department is an important department in the Ward Office and it is operated by the Sub Engineers and Junior Engineers working under the Assistant Engineer (Maintenance) is under administrative control of Assistant Commissioner. The Assistant Engineer (Maintenance) is the sectional Head of Ward who is responsible for the maintenance of Municipal roads & properties with the help of departmental artisans and approved private contractors. He has to take appropriate action on the unauthorized constructions detected on Roads & footpaths. This department issues various permissions like Mandap Permission, Trench permission etc. as per various norms.

Beat wise responsibility of the electrol wards rests with the Jr. Engineers. The Jr. Engineers works under the supervision of the Sub Engineer & the control of Assistant Engineer. The preview of this department is quite extensive and the staff such as Mukadam & Labours in Roads sections, Mistry, Carpenter, Mason, Blacksmith, Plumber etc work in this department. Material required for the various departmental works is provided by Store Clerk.

As per Central Right to Information Act 2005, designated officer is appointed as Public Information Officer Maintenance for Maintenance department and as per Maharashtra Public Records Act-2005 and Maharashtra Public Records Act Rules -2007, he is designated as Record Officer for Maintenance Dept.

**Assistant Engineer (M)
H/West ward**
