HE/AEWW(M)WSN /1250 /IR Dt.16.09.2025.

Subject: Supply, Installation, Testing & commissioning of electrical actuators for daily operation valves at Malad hill reservoir under AEWW(Maint)W.S./North II division.

Reference: - 1) Dy.H.E. Maint.'s approval u/no. Dy.H.E. / 4705 / Maint dtd. 01.09.2025.
2) Tender no.**2025_MCGM_1215280_1**.

Vide above referred Dy. H.E. (Maint)'s approval, e-tender was invited for above subject tender. E-Tender notice was published in local approved newspapers (Pg- C/ 49 to C/ 51) and e-Tender was uploaded on Mahatenders. Bid starting date of this tender was 11.09.2025 and due date is 24.09.2025.

It is submitted that during post-publication review of the tender documents related to the above-mentioned tender, certain critical discrepancies have been identified. Specifically, the estimate includes a valve of 900mm diameter, whereas the actual required size is 1200mm. This is a significant deviation in the scope of work, which occurred due to a typographical error during the preparation of the estimate. Furthermore, it has also been noted that the Schedule of Quantity (SoQ) provided in the tender document does not accurately reflect the actual quantities required for execution.

The inaccuracies in the estimate and schedule of quantity may mislead prospective bidders and adversely affect the fairness and transparency of the bidding process. Therefore, in order to maintain the integrity of the tendering process and to ensure a level playing field for all participants, it is proposed that the above tender may kindly be cancelled.

Revised and corrected documents will be prepared, and, upon approval, the fresh tender will be re-invited with accurate details and estimates.

In view of the above,E.E.(M.)M.W./ Dy.H.E.(Maint.)'s approval is therefore requested for the following:

- (1) To cancel the current tender due to incorrect estimate and mismatched schedule of quantity arising from typographical errors.
- (2) To refund EMD, if any, received from bidders against this tender.

Submitted please.
